```
        Ou trouver la distribution FrenchPro LaTeX ?
        ===========================================
      Were to find the FrenchPro distribution for LaTeX?

Original master server is http://www.frenchpro6.com/french.html
Secondary server is http://frenchpro6.free.fr/french.html (might be older).

The FrenchPro distributions are mirrored on various servers around the world;
specially on those of the Comprehensive TeX Archive Network (CTAN).
Here is a short list of the French ones. In case they should be
updated, please let me know: <frenchprobg@free.fr>.

You should normally find a "french" directory copy on these
French servers:

http://ftp.lip6.fr/ftp/pub/TeX/ OR ftp://ftp.jussieu.fr/pub/TeX/

ftp://ftp.uvsq.fr/pub8/TeX/CTAN/language/
ftp://ftp.ese-metz.fr/pub/tex/ctan/language/

                                            --bg 2006/01/16

%                  Copyright Bernard Gaulle as in french_doc.pdf
